EA UPDATE

19/04/2022

No 019/2022

FOR THE INFORMATION OF MEMBERS

Member Ballot

Thank you for your participation in this important democratic and procedural step toward taking Protected Industrial Action.

A double majority result was achieved, a majority of members returned their votes and a majority of those members voted in support of taking PIA.

Next steps

The Union is awaiting a declaration from the Fair Work Commission confirming the above results.

Thereafter the relevant notice period will be provided by the Union to Airservices to commence particular PIA.

The Union will inform its delegates and members of the relevant actions and timeframes prior to implementation.

Should your crew not have a delegate or committee member on shift NOW is the time to get involved, please contact the Union office to nominate today.

Protected Industrial Action

Airservices are prohibited from treating adversely or threatening to treat adversely, any member because they will take part in or propose to take part in industrial action. If you are concerned, because you believe you are being threatened, you should contact the Union as soon as possible, as a general protections claim can be made.

It is the Fair Work Commission that has the power to order the cessation or suspension of Protected Industrial Action, not Airservices!

In Unity,

Wesley Garrett,
Secretary
UFUA Aviation Branch
