**UFUA Shift Calendar/Organiser App
Available NOW from the itunes store**

Pro-Calendar and the United Fire Fighters Union of Australia have teamed together and are excited to announce the release of the Pro-Calendar UFUA Shift Calendar/Organiser App. The most advanced App for scheduling and tracking critical job related information currently available for Australian Fire Fighters.

As part of the Global Alliance of sharing information and resources this App is based on the highly successful IAFF Shift Calendar / Organiser App.

APP DESCRIPTION:

The Pro-Calendar UFUA Shift Calendar/Organizer is a powerful software program developed for the iPhone and specifically designed to program unique fire fighter colour-coded shift schedules and track various work related activities important to today's Fire Fighter.

The App is designed for iPhone with an Android version expected to be available within weeks.

For ease of use we have created a tutorial (www.pro-calendar.com/iphone/tutorials.html) for all of the features as well as included an area to email us in the help section. Please do not hesitate
