AIRSERVICES/ARFF AGREE TO FURTHER CONSULTATION ON NEW PPE

Your Union wrote to the Chief Fire Officer on the 27th November [see newsletter on website 30 November] raising a number of concerns about the process for the selection and procurement of new PPC. In particular, issues related to the consultation process and significant concerns with the functional requirements specification document.

A letter under the signature of the Chief Fire Officer in response to our letter of 27th November has been received, advising that Airservices are prepared to meet with representatives of your Union including Mark Gribble and Neil Mangelsdorf before the end of this year. The purpose of the meeting will be to address concerns raised in our letter of 27th November. A further update on this matter will be provided when details of the meeting are finalized.
